For working-class unity against racism and bigotry

13-14 July: on the streets against Trump and the far right!

RMT is supporting the mobilisations protesting the visit of US President Donald Trump on Friday 13 July, and the counter-protest against a planned far-right mobilisation in support of Tommy Robinson on 14 July.

Donald Trump's policies, and the racism and bigotry represented by Tommy Robinson and his supporters, pose a threat to basic trade union values of democracy, solidarity, and equality. RMT will resist any attempt to divide working-class people against each other on the basis of race, gender, or national origin.

Join us to oppose hate and stand up for unity and solidarity.
