

40 YEAR SERVICE AWARDS

2 branch members received awards from Bob Crow, General Secretary

Keith Slade (CSA Harrow on the Hill—Left) and Keith Wetherell (Train Operator Rickmansworth - right) were presented their 40 service awards at the Branch Annual General Meeting in December. Bob Crow praised the two Keith's for their well respected years of service, and commented on how without them, the union wouldn't exist today. Congratulations!

Boris alludes to Driverless trains again!

He's coming for us [laugh-out-loud]

The mayor of London, and chairman of TfL, has issued a press release stating that "Most of the jubilee line currently operates under automatic train operation, from Stratford to Neasden. Of course there will still need to be someone on board the train, it is also a fact that anyone in this room could, in a matter of a few weeks, acquire the qualifications necessary to supervise an underground train." *Really?*

NEASDEN BRANCH MEETING : 16:00
