

MATS NEWS

The newsletter for LU Managers, Admin, Technical & Support staff in the RMT

Transformation

We are nearing the end of Transformation consultation. The main aim for the RMT is to make sure our members are looked after. Contact your rep about appealing outcomes and advice on securing a role

Trains Manager Review

Thank you everyone who responded to our questionnaire for Trains Managers. We have shared the results with management, who are now conducting their own review. Please be open with them when sharing concerns and feedback

More Rights for Trainers

We recently met with the company over concerns raised by some Trainer members. We would like to speak to as many trainers as possible to get a full picture of your issues and concerns. We will be arranging meetings soon and encourage everyone to attend or pass on feedback to your MATS reps

Admin Waiting Lists

We have arranged a meeting with the company to establish a fair waiting list system for Trains and Stations admin after Transformation. We welcome any feedback or ideas from admin staff

Your LU MATS reps are

Mick James
