

CRYSTAL PALACE 0—RMT & TSSA 4

ROUND FOUR OF ACTION = STRONGEST

Despite the bitter cold, and temperatures at one point at -5 Degrees, your Reps, officials and activists were out on the picket lines showing support.

During this round of action, it was noticeable that there were fewer trains running, especially on the Metropolitan Line.

At Wembley Park, one of our biggest pickets, they watched as a Diesel Tanker Lorry, went up the ramp to the car park,

and broke down.. Blocking the entrance to the car park.. Allowing the team to concentrate on the other entrance/exit. *Thanks TOTAL....*

At Neasden, both RMT Reps were joined by comrades from the depot maintenance team, with one taxi driver refusing to drive past the picket line.

At Stanmore & Harrow on the Hill, Staff were refusing to cross the picket line, and our thanks goes out to everyone who got out of bed in the freezing cold, to staff the picket lines.

We hope for a resolution to the current dispute, if not, then the next round of action will be decided shortly. The union has recommended not to call any action in December, but is looking to escalate the action in the new year.

NEASDEN BRANCH MEETING : 16:00

WEDNESDAY 05th January 2011

The Torch Public house , Wembley

Join the ALL GRADES UNITED Union.

See a Representative or visit
