LOCKING AND UNLOCKING UNSTAFFED STATIONS

STATIONS HEALTH AND SAFETY COUNCIL AND STATIONS FUNCTIONAL COUNCIL HAVE NEVER AGREED THIS PROCESS

We know this is happening across the combine and that many of you have felt forced to do this. You cannot be compelled to and if you chose to, we believe for your own safety that a second member of staff should be there to assist you. If you feel you are being forced to do this, please contact your local rep who will escalate it to us. If your local rep is in self-isolation, please come straight to us. Our contact details are on the bottom of this page.

DEALING WITH PASSENGERS ILL ON TRAINS

Tier 2 are very concerned by the latest guidance issued on the 30th March and have raised urgent questions with the company. This includes requesting the mandatory supply of P.P.E including face masks.

PPE must be worn beyond this point

When dealing with a PIOT, we urge you to make a dynamic risk assessment and base your decisions on ensuring your own safety and well being and ensuring that the ill customer gets the help they need as quickly as possible.
