

RMT JUBILEE SOUTH BRANCH NEWS

JUBILEE SOUTH MEETING POINTS

Stratford Station

(By Robert the steam train, near bus station entrance)

Meet 09.30

Leaving 09.50 prompt

London Bridge Station

Tooley street. Exit

Meet 10.20

Leaving 10.40

At the meeting points just look out for the RMT flag

It is strongly advised to meet up at the pre arranged meets as the embankment area will be very busy making it hard to find friends and colleagues.

The March leaves the embankment starting at 11.00 and ends at a rally at Hyde Park.

The meeting points are not just for Jubilee south branch members, Members of any branch are equally welcome to come along to the march with us.

Bring friends, Family etc. If you have a big drum bring that along too. We are sending a serious message to the government but there's no reason we cant have a good time

For info: visit www.rmt.org.uk or www.afuturethatworks.org or for info on meeting places call Jason Moriarty, Derecognised Greenwich/Stratford trains rep on 07823 881372

SPECIAL TUC MARCH EDITION

TUC MARCH FOR A FUTURE THAT WORKS 20TH OCTOBER

On 20th October the RMT will be marching alongside many other trade unions, community groups and tens of thousands of ordinary people from every corner of the UK . This is because we believe that austerity is not working. The RMT will be marching against wholesale job cuts, attacks on the welfare state and cuts in public services.

The Government in the UK is not punishing the few in the banking and finance sectors who caused the global financial crisis, instead it is hitting hardest on the

working classes and the poorest in society who had no part in causing the global financial crisis. The RMT always puts workers rights at the centre of our campaigns and we share the vision of "A future that works"

The March on 20th October aims to send the government a strong message that we don't want their flawed alternative economic plan. We want a future where workers earn decent wages not just earn enough to exist.

A future where fat cat's bonuses are penalized and where tax evasion by big companies is totally eliminated.

So, are you going to join us ?

The march is a friendly fun event with people of all ages from 1 to 101. The people marching are normal Joe public types who have just had enough of cuts in public services , waiting ages for even basic hospital treatment, an underfunded public transport system and then being told to pay more tax.

Many people come with the whole family and make a great day out of it.

Last year some people even brought their dogs with them !!

Our branches banner proudly marching last year

Last years march where the RMT had members and their families from all over the United Kingdom marching.

There is engineering work and service suspensions on some Tube lines on the 20th check before you travel
